Introduction to AMA

Ask Morpheus Alliance (AMA) is a system of esoteric science and applied philosophy that merges numerology, astrology, and cosmology into a single diagnostic and self-discovery framework. It is designed to answer four primary maxims of life:

1. **Who am I?**
2. **Where am I leading to?**

3. **How am I?**

4. **What am I to become?**

AMA integrates the *Western Zodiac*, *Eastern Animal and Aura*, and the *Mayan Tzolk'in* with the *Pythagorean numerological keys* to form complete life profiles. Each seeker is given identifiers such as the **Moniker (MGKID)**, **Cornerstone Key (CSKID)**, **Destiny Signature (DSKID)**, and **VIA Compass**, which act as symbolic coordinates in a personal map of existence.

The purpose of AMA is both **diagnostic and transformative**. It organizes the seeker's personality, timing, and destiny into a readable language of archetypes. Its ultimate aim is to provide clarity, balance, and empowerment for individuals navigating the path of self-discovery.

The Designer: Master Paul

Master Paul Hunn, also known as **Dean Martin**, is the creator and custodian of the AMA system. Born on **November 1, 1967**, in Kingston, Jamaica, Master Paul brings over **three decades of focused research** in numerology, astrology, and cosmology.

His foundation in mathematics and physics, coupled with his Caribbean heritage and global journey, informs his rigorous yet spiritual approach. Master Paul has studied and practiced across disciplines including:

- **Pythagorean Numerology** (psyche, attitude, and life path calculations).
- **Eastern Cosmology** (Chinese animals, elemental auras, and lunar transitions).
- **Western Astrology** (zodiac houses and planetary archetypes).
- **Mayan Tzolk'in Cosmology** (galactic tones, trecenas, and societal glyphs).

He identifies himself as a **life path counsellor and esoteric strategist**, with the role of building systems that empower seekers through enlightenment, education, and structured tools of self-knowledge.

The AMA is not presented as speculation or casual mysticism but as a **discipline** — a structured, repeatable, symbolic language. In this respect, Master Paul defines his role as both a *strategist* and a *designer*, bridging ancient sacred systems into a digital ecosystem for modern seekers.

Would you like me to expand this into a **ceremonial preface** (almost like the first page of the AMA manual) with a dedication to seekers, or keep it as a **professional biography + system overview**?

Understood. To reflect **Earth vibration grounding the Spirit**, we place **Life Path (L)** immediately after **Animal** within the Zodianimal teaching block. The Vibrational Triad then follows with Psyche (P) and Attitude (A), showing the inner Moon–Sun dynamics acting on a grounded Spirit.

Here is the **revised 20-term teaching order**:

AMA — short for **Ask Morpheus Alliance** — is a digital identity and self-alignment system created by **Master Paul Hunn** (also known as Dean Martin).

Its purpose is to help individuals and families answer four guiding questions:

Who am I? Where am I? How am I? What am I to become?

AMA blends **calendars, numerology, astrology, Mayan cosmology, and elemental mapping** into a structured model for decoding personal identity. Each person is processed through a standardized digital framework called the **AMA Identity Construct**, composed of seven checkpoints:

Mantra → Genesis → Mind → Body → Spirit → VIA → Shadow.

Each stage corresponds to a domain of self:

- **Mantra** — your name's vibrational code (letters converted through Pythagorean numerology).
- **Genesis** — your birthdate reduced through triangle mathematics (Day, Month, Year).
- **Mind, Body, Spirit** — your psychological, behavioral, and soul alignments derived from astrological, elemental, and numerological data.
- **VIA** — your life compass (Life Path + Zodiac House → reduced number 1–9).
- **Shadow** — your Mayan Signature and temporal rhythm (tracking your place in cyclical time).

All seekers receive unique identifiers:

- **MGKID** — “Moniker Key,” combining Cornerstone letter + Life Path.
- **CSKID** — “Cornerstone–Psyche–Attitude–Life Path” code (CPAL).
- **DSKID** — the full identity record including the Mayan Role (CPAL-R).

AMA's structure is housed in a virtual learning world called **PANGÆA**, organized through symbolic realms known as **Lanterns** (Elysium, DreamLand, Awakeland, DestinyLand, etc.).

In essence, AMA is both a **philosophical system** and a **mathematical engine**—a codified blueprint for interpreting human identity across time, culture, and consciousness. It treats each

person as a “seeker” traversing a designed pathway of self-discovery through number law and symbolic correspondence.

Introduction

Master Paul Hunn created the **Ask Morpheus Alliance (AMA)**, a system of self-discovery that unites numerology, astrology, and Mayan cosmology. Through the realms of **Elysium, Dreamland, Awakeland, Secretland, and Destinyland**, AMA delivers **education, enlightenment, and empowerment through entertainment** as a journey of esoteric fantasy land called PANGAEA.

AMA is the ****Ask Morpheus Alliance****.

It is your designed system for identity and destiny analysis, structured as a multidimensional framework combining numerology, astrology, and Mayan cosmology. Its purpose is to map human existence through codes, cycles, and archetypes.

Core structure:

* ****NEWS Quadrant****:

- * North → Numerology (psyche, attitude, life path).
- * East → Asian astrology (zodiac animal, house).
- * West → Western astrology (zodiac sign, planetary archetypes).
- * South → Mayan cosmology (day glyph, galactic tone, trecena).

* ****AMA Keys****:

* **MGKID (Moniker-Genesis Key Identifier):** cornerstone letter + life path.

* **CSKID (Cornerstone Signature Key Identifier):** psyche + attitude + moniker.

* **DSKID (Destiny Signature Key Identifier):** CSKID + Mayan role glyph.

* **VIA (Life Path Compass):** combination of life path + zodiac house to reveal “self-direction.”

* **Life Path Framework:** four stages (childhood, adulthood, masterhood, Elderly/retirement/guru) mapped through a triangular numerology method.

4 Maxims** (the guiding questions of AMA):

1. Who am I?

2. Where am I ?

3. How am I?

4. What am I to become?

AMA functions both as a place of diagnostic tools in a narrative world—the Pangaea ecosystem—a place where seekers can explore their identity, cycles, and purpose.

PREFACE

In a world where identity is blurred by distraction, disconnection, and misinformation, there rises a quiet call — a deep, rhythmic question pulsing beneath our daily existence: **"Who am I?"**

This is not a question of name or job or title. It is a question of **essence**.

Master Paul, founder of AMA — Ask Morpheus Alliance — believes that every human being is encoded with a unique rhythm, a LifePath, mapped by number and sound, anchored in time, and shaped by the unseen forces of Universal Order. This book is a living manual, an evolving guide built to awaken that hidden map through the lens of Pythagorean numerology, vibrational awareness, and the sacred interaction of identity, sound, and time.

Because Time is Master.

And **you** are the seeker.

CHAPTER 1: The Architecture of Life

All things born enter into **time**. And within time is order.

The Earth spins, pulled by invisible forces in an elliptical spiral. Every day is a turn — a measured cycle of energy — a **count**. And that count is not random. It is encoded.

From the moment you are born, the day, month, and year begin to form a trinity of meaning. Pythagoras taught that **numbers** are not just tools — they are **truths**. The world, in this view, is vibration. And vibration creates pattern. Pattern becomes identity.

Every date has a **root value** — the sum of its digits reduced to a single digit from 1 to 9. For example, the year 2025: $2 + 0 + 2 + 5 = 9$. In this lens, 2025 is a year of completion, endings, and maturity — the **LifePath 9** frequency.

Life, then, is **not** random. It is rhythmic.

CHAPTER 2: The Triangle of Identity

AMA uses a three-point triangle system to decode the **avatar** of your life:

- **Top Point:** Day of Birth (DD reduced)
- **Left Side:** Month (MM reduced)
- **Right Side:** Year (YYYY reduced)

These three numbers give us:

- **Psyche Number (DD reduced)** — How you see yourself. Your inner ego.
- **Attitude (Psyche + MM)** — How others see you. Your vibe and habits.
- **LifePath (Attitude + YYYY reduced)** — Your journey. Your curriculum of experience.

This triangle creates your **Mantra Genesis Key Identifier (MGKID)** — your life window.

Example: Master Paul

Born: 1 November 1967

- $DD = 1$
- $MM = 11 = 2$
- $YYYY = 1967 = 1+9+6+7 = 23 = 5$

Psyche = 1 (Boss Mind)

Attitude = 1 + 2 = 3 (Joker, Creative, Connector)

LifePath = 3 + 5 = 8 (Empowerment, Influence, Legacy)

His MGKID = D8. His host triad is D138.

CHAPTER 3: The Four Seasons of Life

Master Paul believes the full human lifespan is **120 years** — divided into four energetic stages.

These are measured using the **LifePath 9** archetype as a baseline:

1. **Genesis (Birth to 27)** — Formation, Childhood, Discovery
2. **Adult Stage (28-36)** — Identity, Responsibility, Foundation
3. **Mastery Stage (37-45)** — Purpose, Power, Impact
4. **Guru/Elder (46+)** — Wisdom, Contribution, Exodus

Each stage is governed by a **pinnacle number** derived from your triangle:

- 1st Pinnacle: Top + Left
- 2nd Pinnacle: Top + Right
- 3rd Pinnacle: 1st + 2nd reduced
- 4th Pinnacle: Left + Right reduced

These pinnacles create your **LifePhase Blueprint** — a layout of growth, challenge, and maturity.

CHAPTER 4: The Name As a Mantra

Your name, especially your **first name**, is more than a label — it is a **mantra**. Spoken over a thousand times in your early years, it shapes the **psyche** and influences your path.

- The **first letter** of your first name is called the **Cornerstone**. It marks the natural style of approach to life — influencing your relationship with work, others, and your inner growth.
- The **last letter** holds the energy of completion — how you finish what you start.

Master Paul's birth name was **Dean**:

- D = 4 (Order, Builder, Disciplined)
- N = 5 (Change, Curiosity, Adaptability)

This reflects his nature as a structured explorer — someone building a system, yet forever evolving.

CHAPTER 5: Numbers As Living Language

Pythagoras believed that numbers **describe everything**.

1 = Start

5 = Change

9 = Completion

From the cycles of stars to the beat of your heart, all things are numeric vibration. The **Gregorian calendar**, adopted after the Julian, is not just a tool — it's a **lens** into time's rhythm.

Every number you encounter — from birth dates to addresses to angel numbers like **27** (a code often seen by Master Paul) — is part of your personal matrix.

CHAPTER 6: The Role of Fate and Focus

Destiny is not fixed — but it has rules.

Master Paul teaches: A ball rolls down a hill only one way. Fate is gravity. **Focus is choice**.

God speaks through whatever you're focused on. A rock. A poem. A number.

Focus turns fate into **destiny**.

CHAPTER 7: Application – Comparing MGKIDs

In this chapter, we compare:

- Master Paul's MGKID: D8 (Dean, 1 Nov 1967)
- Gina Lee's MGKID: G9 (27 Dec 1968)

We decode both lifespan arcs, pinnacles, and energy patterns to demonstrate how two lives carry unique yet interconnected soul missions.

CHAPTER 8: Tools for the Seeker

- How to calculate your MGKID
 - How to interpret your pinnacles
 - How to journal with awareness of your stage
 - How to use herbs like **Fo Ti (He Shou Wu)** to honor longevity
 - Why AMA's motto is: **Time is Master**
-

CHAPTER 9: The Cornerstone – First Sound, First Signal

The Cornerstone is the first letter of your first name at birth. It is not decorative — it is directional.

It becomes part of the CSKID and symbolizes your **natural approach** to action, people, and transformation.

Examples:

- G = Guidance, Gnostic Insight, Graceful Approach
- D = Determined, Disciplined, Dedicated Movement

It is spoken into your vibration over and over again, forging the mental rhythm of how you act and react in the world.

CHAPTER 10: The Birth House – Mindset Lens of the Zodiac and the NEWS Chambers

Under the AMA system, every person is born not only under a number vibration but also within a **symbolic triad** that includes the Western Zodiac Calendar.

This twelve-house system covers 360 degrees of time in twelve 30-day windows, each one marking a **Birth House**. The Birth House represents the **approach** — the *seeking style* — or the **mindset lens** of a person within the AMA interpretation.

The NEWS Layout of the Seeker

AMA introduces the **NEWS Portal of Days** as the reporting structure of the seeker's code. Each seeker carries **six chambers**, reported under NEWS. These chambers hold the coordinates and vibrations of who you are and how you move through time.

Chamber	Content (Keys)
NAME	Cosmic keys. Mantra name. Cornerstone letter. MGKID / CSKID. VIA.
MIND	Psyche (root of the day of birth). Zodiac sign (mental lens).
BODY	Attitude (habitual action). House Aura (Zodiac House, Element).
SPIRIT	Life Path (Soul's mission). Animal (Aura Totem from House Element).
VIA	Destiny-direction compass. Lifespan code (pinnacles, stages).
DESTINY	Mayan Societal Higher Purpose Role (Daykeeper glyph).
CYCLE	Universal and Personal experience (personal year, universal year overlay).

This framework allows a **full profile** to be assembled, merging hardware (Zodiac coordinates, House Aura, Mayan cosmology) and software (Psyche, Attitude, LifePath, VIA compass) into one living map.

Hardware: Symbolic Triad

Represents the cosmic framework — the body of time itself:

- **3 Zodiac coordinates** (Birth House, Element, Aura Animal)
- **1 Mayan cosmology key** (Daykeeper glyph)

Together these form the **NEWS Portal of Days** — measuring the realm and order of existence according to **Zodiac World Calendars or Readers (ZWR)**. The hardware is the **outer skeleton** of the Zavatar, the context of incarnation.

Example – Gina Lee:

- Zodiac House = 10 (Capricorn – Legacy)
- Element = Earth
- Aura Animal = Monkey
- Mayan Cosmology = (to be mapped by Daykeeper)
- Hardware Identity = **Capricorn Earth Monkey**

In Hardware, Gina carries the **Earth aura of the Monkey**, symbolizing discipline (Capricorn), grounded determination (Earth), and playful adaptability (Monkey). This is her structural coordinate in the cosmic order.

Software: Vibrational Triad

Represents the **inner code of vibration**, the operating system of the self:

- **Psyche (Mind)** — self-perception from the day of birth
- **Attitude (Body)** — habitual behavior from Psyche + Month

- **LifePath (Spirit)** — Soul's mission from total birth date
- **VIA Compass** — how the Soul fulfills the LifePath through House + LifePath

Together these form the **NEWS Portal of Days** on the inner plane — showing how the seeker's **MIND, BODY, and SPIRIT** interact and evolve.

Example – Gina Lee:

- Psyche = 9 (Broad Mind – Compassionate self-perception)
- Attitude = 3 (Joker-Orator – Expressive, charismatic habits)
- LifePath = 9 (Humanitarian – Service, vision, universal compassion)
- VIA = 1 (Self-Development – Independent growth, pioneering spirit)
- Mantra = Grace (Cornerstone letter G)

In Software, Gina is the **Presenter of Compassion** — expressive (3) in public life, yet grounded in humanitarian wisdom (9), guided by a VIA of self-initiated growth (1).

The ZAVATAR Pyramid

The ZAVATAR unites Hardware and Software in a symbolic pyramid — mind, body, and spirit connected by compass and coordinates.

- **Hardware Triad** (Zodiac + Element + Animal + Mayan) = Outer skeleton
- **Software Triad** (Psyche + Attitude + LifePath + VIA) = Inner program
- **NEWS Chambers** (Name, Mind, Body, Spirit, VIA, Destiny, Cycle) = Full profile

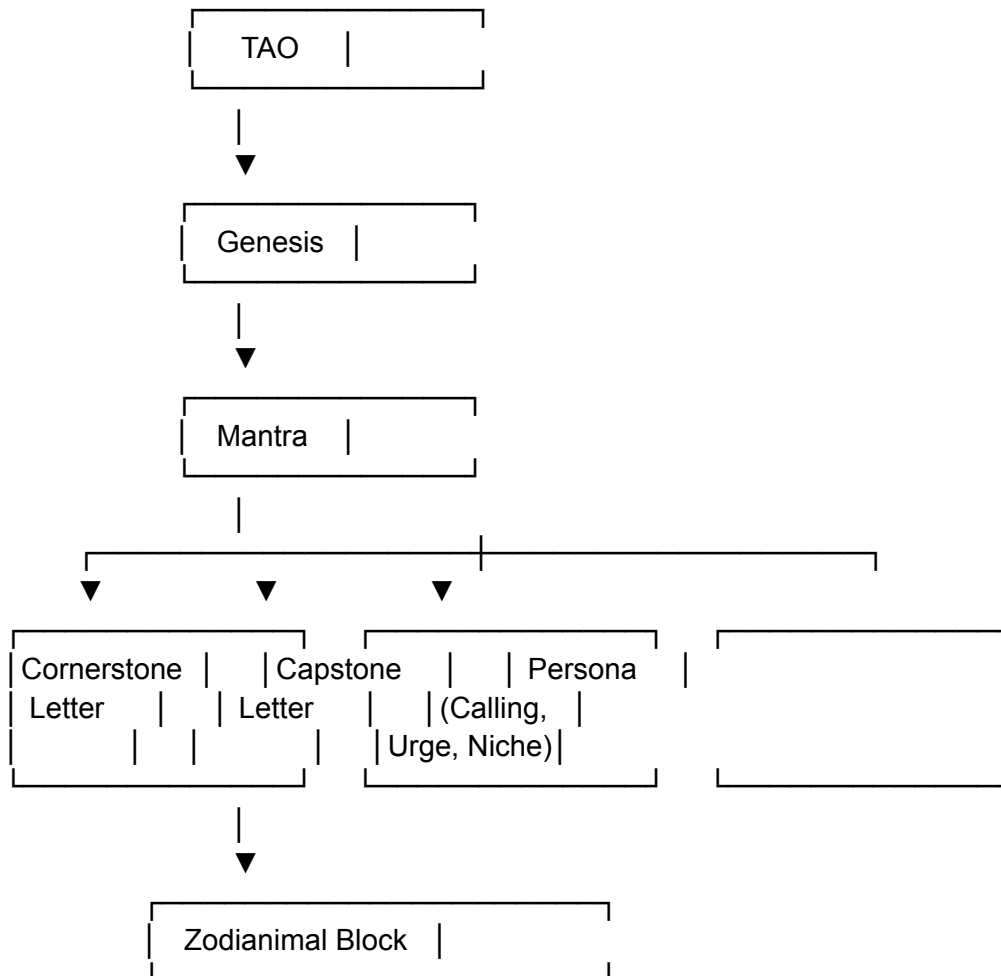

This dual system creates the seeker's **ZAVATAR** — the avatar of time and vibration, a full reflection of both structure and consciousness.

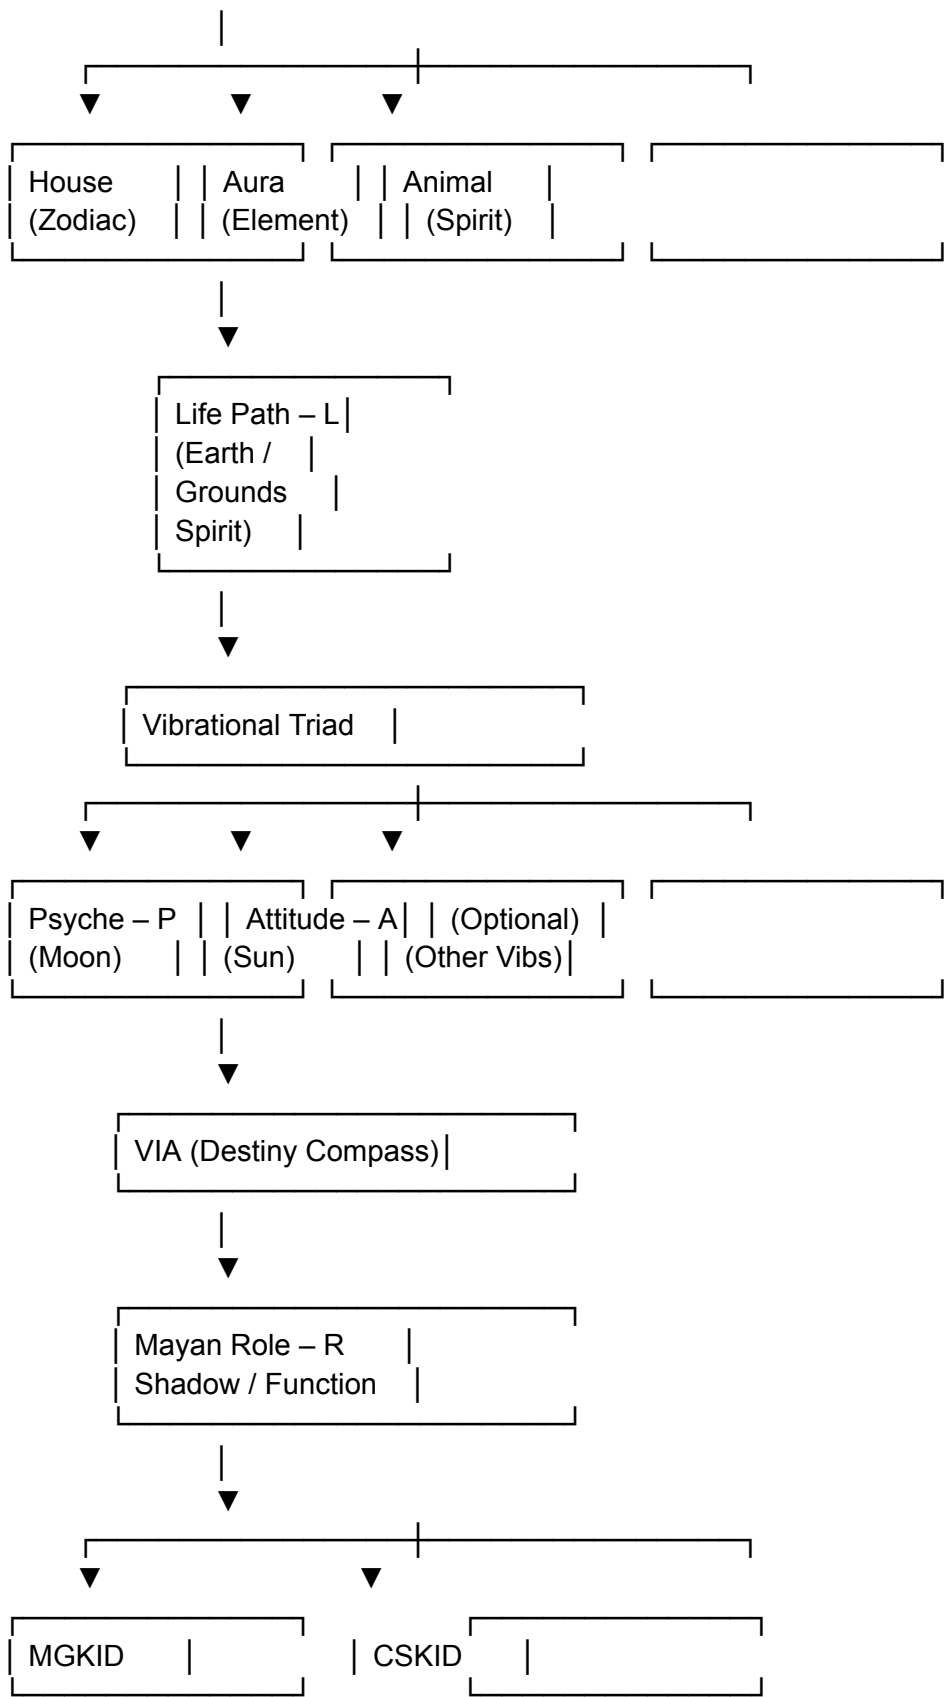

Closing Words on VIA and the Triads:

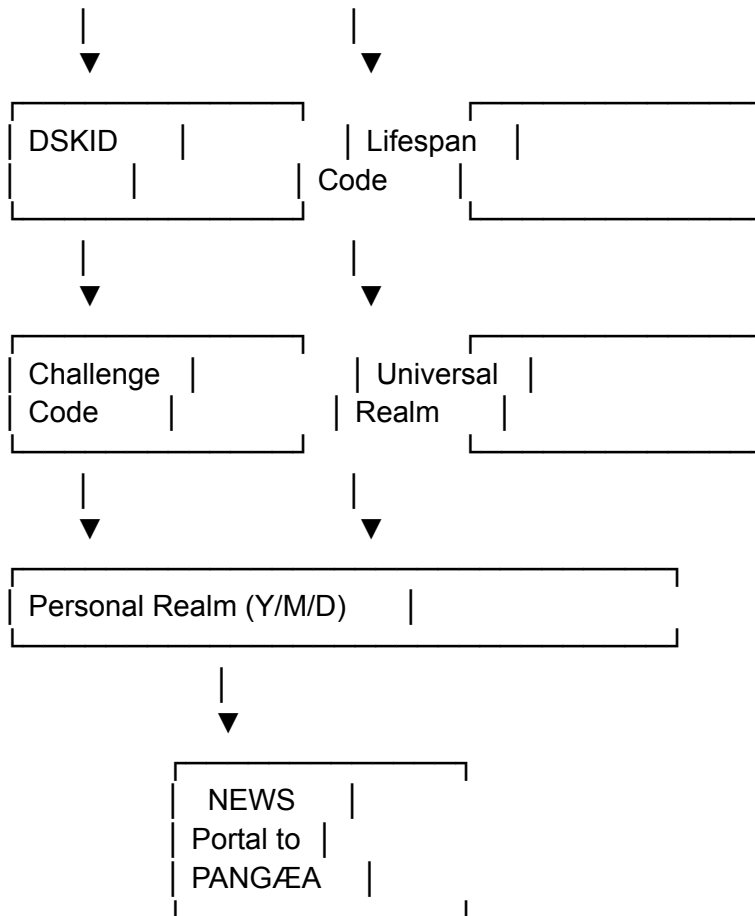

- The **Hardware** shows *where you stand* in the cosmic calendar.
- The **Software** shows *how you act and grow* in that placement.
- The **VIA Compass** is the bridge — the constructive current, teaching you *how to walk your LifePath* with awareness.
- The **DESTINY chamber** reveals the Mayan societal higher purpose role.
- The **CYCLE chamber** shows your universal and personal experience, your year-by-year energy overlay.

ZAVATAR = Hardware + Software + NEWS Chambers.

Time is Master. And within Time, all coordinates align.
